

Specialty :

- 13mm width tape blade with glue tape on back side.
- Accuracy tolerance $\pm(0.2+0.1L)$ mm

Size	Tolerance
1m	± 0.3 mm
2m	± 0.4 mm
5m	± 0.7 mm

Usage :

1. Fixing the blade on the object with nail, there is a 2mm hole at both ends of the blade.
2. Stick the blade on the object by peeling off the protective paper on the adhesive glue.
3. Cut off the blade at any length if necessary.

Precautions :

- The blade is conductive. Keep it away from electricity.
- The sharp edge of the blade may hurt hands.
- Wear gloves while using the blade.
